FEMMES WITH FATAL BREAKS...

...are **DJ T-INA**, **DJ CHRISTINE LANG** and **MC QUIO**, two DJs and an MC - everyone of them also with an international individual solo career - who have dedicated their musical activities to broken beats. The vinyl selections of the all female Berlin crew reach from breakbeats, via drum & bass to dubstep. The FEMMES are famous for their phat vinyl sets, combined with QUIO's rap-ragga-jungle-lyrics.

Break the party!

In March 1999, FEMMES WITH FATAL BREAKS got together as the first female DJ collective in Berlin. Ever since, they have been rocking the clubs of the German capital and the rest of the world with their excellent breakbeats. From 2001 until 2003, the FEMMES' event series with its vibrant and ecstatic atmosphere at the Bastard Club was an absolute highlight of Berlin's party life. Since 2004 the FEMMES have appeared with new party concepts, expanding all over the city's most exciting clubs and venues: Watergate, Icon, ZMF, Deep and Rosis. The FEMMES WITH FATAL BREAKS MC CONTEST is breaking new ground in the field of break beat. Once a year it gives a forum to young MC's battling for the title.

In 2007 the FEMMES WITH FATAL BREAKS have been touring through Romania, where they made a memorable appearance at the well-known TM BASE FESTIVAL in Timisoara.

Break the monotony!

At the same time FEMMES WITH FATAL BREAKS are a platform for other female DJs and MCs. They feature their colleagues and invite prominent international DJ's to take part in their events. So with each live appearance of another "femme", a new musical colour is added to the broken beat spectrum.

Break the rules!

For the annual event THE FEMMES WITH FATAL BREAKS VOLLVERSAMMLUNG (FEMMES CONGREGATION) female DJ's and Bands from all kinds of artistic backgrounds and directions get together in order to exchange ideas and to party, resulting in an evening of musical excellence and party de luxe. From 2003-2007 it was the FEMMES' much debated contribution to the Berlin LADYFEST.

Based on the fundamental choice to support female DJ's, MC's and producers of the Broken Beat Scene, they are organized a festival - 'FEMMES 'R' US' - that took place at Radialsystem V in Berlin from 7.-16. August 2008 with workshops, parties, a film-, a theory panel and an exhibition.

In 2009 next to dj-ing they are more and more engaging in producing music they created a Dubplate among other projects.

Break the beat and release it!
